To whom it may concern

Dear Sir/Madam,

I am pleased to inform you that our Member Association in Austria, Österreichische Gesellschaft für Familienplanung, was re-accredited as a Full Member of the International Planned Parenthood Federation (IPPF) at the meeting of the IPPF Board of Trustees on 22<sup>nd</sup> November 2025. Following an accreditation review in July 2024 under the fourth accreditation phase and successful implementation of the post-accreditation action plan, the Board of Trustees was satisfied that the Association was found to be in full compliance with all 33 standards as defined under the Standards and Responsibilities of IPPF Membership; namely that the Association is:

- open and democratic;
- well governed;
- strategic and progressive;
- transparent and accountable;
- well managed;
- financially healthy;
- a good employer;
- committed to results;
- committed to quality; and
- a leading sexual and reproductive health and rights organization.

In IPPF, Member Associations undergo an accreditation exercise every four years. I am confident that through the on-going monitoring support provided by the Regional Office of IPPF in Brussels, the Association will do everything possible to further the vision, mission and values of the Federation and continue to uphold the responsibilities of IPPF membership.

I kindly request that you give all the necessary support to this organization in their efforts to address the sexual and reproductive health and rights needs of the people of Austria.

Yours sincerely,

Dr Alvaro Bermejo  
Director-General, IPPF
